

# The SparkWheel STORY

In the quest for success in academics and life, many students face daunting obstacles with limited resources. That's where SparkWheel comes in. For over 25 years, schools and families have counted on us to remove barriers, fill gaps, and be personal champions to help students thrive. Our trustworthy, passionate advocates work inside schools alongside community partners to do everything we can to help students reach their full potential.

SparkWheel serves more than 35,000 students in Kansas, Missouri, Oklahoma, and Iowa. Through the Integrated Student Supports framework, we help support students' academic and non-academic needs, resulting in increased well-being and greater school success.

It's not enough to get **fired up**.  
It's not enough to care.

**Real change takes action.**

**It takes movement.  
Forward motion, always.**

# How We HELP

We customize services for every school, placing a Student Support Coordinator in each location to provide supports for individual students, as well as supports accessible to the whole student body.

## NON-ACADEMIC ASSISTANCE

Students get access to essential needs like school supplies, food, clothing, etc.

## INDIVIDUAL SUPPORT

Students build a strong relationship with a trusted adult

## ENRICHMENT ACTIVITIES

Students experience more of what the world has to offer

## ACADEMIC SUPPORT

Students gain life and interpersonal skills necessary to support learning

## FAMILY INVOLVEMENT

Students' families get extra support, increasing parent-school engagement

## FUTURE PREPARATION

Students learn to connect the dots between education and their future

## COMMUNITY ENGAGEMENT

We coordinate community resources, volunteers, and organizations to support student, family, and whole school needs
